PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Road Dept. Okehs For Wayside Park

The State Road Department has given its approval for a new Wayside Park in the Glades area at Pahokee, according to announcement by Rep. B. Elliott at last week's Thursday luncheon meeting of the Pahokee Rotary Club. Plans have been completed and materials have been ordered for the new park which was approved by SRD on Wednesday, Rep. Elliott said. SRD engineers spent Thursday of last week in Pahokee inspecting a site that is to be donated for use as a park.

Rep. Elliott, who had just returned from Tallahassee with Mayor Lewis Friend and Leonard Dobrow, also reported on the \$200,000 loan without interest from the State Internal Improvement Funds granted to the City of Pahokee for the construction of a 1,200-foot breakwater to protect the city's pier extending into Lake Okeechobee. The loan is to be repaid by the city with receipts collected from dock services and cigaret tax money at the rate of \$10,000 a year over a 20-year period.

The club held its annual Christmas party during the luncheon, with John A. Dulany acting as master of ceremonies. A Santa Claus was present to distribute the gifts that were exchanged. Special gifts were presented to Mrs. W. H. Key, who is in charge of preparing and serving the club luncheon, and to Mrs. Miriam L. Dulany, Rotary Ann who assists the club with its publicity.

Dr. Rembert A. Guy gave a brief talk on "The Spirit of Christmas." Vance Denton led the group in the singing of carols, with Robert O. Lampl at the piano.

Robert Aepelgren introduced as visitors H. L. Speer, assistant County agricultural agent, W. R. Fowler of Franklin, Va., Alfred Meeks, FSU student home on vacation, and Dubsie Young of Port Mayaca.

Trash Dumpers To Feel The Law

A campaign to curb "litterbugs" was suggested by the county commission this week who called on law enforcement officers to enforce state statutes which prohibit trash dumping along state highways.

The commission was advised by County Attorney Harry Johnston that dumping trash and garbage along state highways is against state law and is punishable by a fine of \$100 or a 30 day jail sentence.

The commission asked that copies of the law be furnished to law enforcement officers with a request that the officers cooperate in arresting offenders.

JANUARY MEETING

The Canal Point Methodist Woman's Society of Christian Service will conduct its January meeting at the home of Mrs. A. R. Harrington Tuesday at 8 p. m., with Mrs. Leonard Maxson, hostess. Mrs. J. P. Parker, president, will preside.

Trinity College in Clearwater, alma mater of Billy Graham, announced that its new 1500 seat auditorium would be named in honor of the famed evangelist.

Year's Work Told By Pahokee Lions

Chairmen of standing committees of the Pahokee Lions Club gave their monthly reports of club activities at the Tuesday luncheon meeting in the Woman's Club building. These included reports on the Lions annual football banquet held Dec. 17 for the high school football squads of the Glades area, the pick up of toys for distribution by the Salvation Army, the club's Christmas gifts to two local blind men, and additional payments made to meet the balance due on the new electric score board installed this past fall on Lair Athletic Field under the joint sponsorship of Pahokee and Canal Point Lions. The payments included \$213 which Canal Point Lions netted from their Thanksgiving turkey shoot.

Blue Devils See North-South Game

The Pahokee High Blue Devils, 1954 Suncoast Conference football champions, received an exciting Christmas gift in the form of an all-expenses-paid trip to Miami on Saturday when they saw the Star football game in the Orange Bowl, starting at 8:15 p. m., and following the game, they dined at the Colony Restaurant in Coral Gables.

The idea of the Christmas gift to the Blue Devils arose more or less spontaneously in the community, proud of its champions, and as the idea spread, contributions from enthusiastic business men and individuals quickly made up the funds necessary to cover all expenses.

The squad left Saturday afternoon for Miami in a chartered bus decorated with banners identifying the Blue Devils as the Suncoast Conference champions. It was accompanied by Head Coach Webb Pell and Line Coach Bill Howard and by team managers, Jim Seay and Foy Sims. The squad includes Jimmy Lee Hoyle, Donald Waddell, Tommy Elliott, Ronnie Elliott, Hal Rosenberg, George Mills, Holton Herring, Clark Clark, Ronnie Hitchcock, Richard Weeks, Pat Turbeville, Gerry Roberts, John Williams, Harry Sheppard, Max Beverly, Albert Gamot, Earl Meredith, Philip Dulany, Eugene Pearce, Buddy Parker, Joe Parker, Bobby Bush, Ronnie Goodson, Charles Holly, Howard Pugh, Homer Latham, Ronald Berry, Dow McClelland and Rex Andrews.

Water Bill Discount Is Set By Pahokee

The Pahokee City Council Monday night passed on final reading the ordinance allowing a 10 per cent discount on all water bills paid on or before the 10th of the month following the month of water service the bill covers. The group also gave its approval of amendments to the new loading zone ordinance. Councilmen Loren Meredith, R. B. Simonson and J. H. Wilkinson, Jr., were present.

PTA SPEAKER

A representative of the National Defense Council will be the speaker at Monday night's meeting of the Canal Point PTA meeting.

He Will Take Over Governor's Office

LEROY COLLINS
Governor-Elect

Next Tuesday — January 4th — State Senator LeRoy Collins of Tallahassee will become Governor LeRoy Collins of Florida in ceremonies to be conducted at noon. Plans call for inaugural ceremonies to be held on the west side of the State Capitol facing the new Supreme Court building. For many years the inaugural ceremonies had been held on the east side of the Capitol but two years ago this plan was changed when Governor Dan McCarty was inaugurated in the new location.

Three inaugural balls will be held Tuesday night in Tallahassee. Governor and Mrs. Collins will lead the grand parade at the start of each ball. On Wednesday morning Florida's youthful governor will settle down to guiding the ship of state for the ensuing two years.

Governor Collins will succeed Acting Governor Charley Johns who followed the late Dan McCarty as head of the state government. Mr. Johns will return to his home in Starke and his role of state senator in the forthcoming session of the 1955 legislature.

Welcome Station Opened At Jupiter

Future Northern visitors can get a preview of what attractions Palm Beach County has to offer by making a stop at the county's new Welcome Station at Juno Beach.

The new information center was formally dedicated Thursday, (Dec. 30) at a ceremony attended by county, city and chamber of commerce officials from all parts of the county.

The new Station which will be under the management of the West Palm Beach Chamber of Commerce this year, was built by the county on the shores of the Atlantic Ocean just north of Juno Beach. The building is located adjacent to U. S. Highway 1.

Taking part in the ceremony were the Rev. Morgan Lewis, County Commission Chairman Lake Lytal and West Palm Beach Mayor E. V. Faircloth.

The information center will be used to distribute folders and brochures on county attractions and points of interest that would appeal to visiting tourists.

Miss Patsy Lyndon of Knoxville, Tenn., was the holiday guest of Mr. and Mrs. G. F. (Bill) Kincaid.

December Meeting Of Baptist Women

The Woman's Missionary Society of the Pahokee First Baptist Church held its December meeting at the church Monday afternoon when members of the Fay Taylor presented the program and acted as hostesses.

The program, "How Far to Bethlehem," was under the direction of Mrs. T. W. Knight, who was assisted by Mrs. Ralph Grimes and Mrs. Wiley Tillis. Mrs. H. L. Speer gave the devotionals.

It was reported the group's Lotte Moon offering for foreign missions totaled \$127.62; also that \$30 had been sent to the Florida Baptist Children's Home. "Bibles for the Hospital" was voted as the community mission project for January.

Seek Flasher Lite For Road 7 Bridge

A head-on collision between two semi-trailer trucks at State Road 80 and State Road 7, has prompted the county commission to renew its request for a traffic signal at the intersection.

At the request of Commissioner Paul Rardin, Canal Point, the county board instructed County Engineer Steve Middleton to contact the State Road Department and renew the county's request for a traffic signal.

Rardin said that the intersection was one of the principal danger spots in the county—particularly at night when it is difficult to read the warning signs which have already been posted. The Canal Point commissioner some time ago, asked that a traffic signal be installed at the intersection and was supported in his move to have a traffic survey made of the corner. The county's original request for a flashing light at the intersection has been under consideration by the road department for some time.

Recently a truck loaded with new cars and another loaded with produce, collided at the corner causing severe damage to the two vehicles and injury to the two drivers.

The commission this week heard a preview of plans for construction of a new administration building in West Palm Beach which is one of several capital improvement projects the county board now has under consideration.

The board approved payment of \$10,500 for a location of the new structure and heard Middleton report that plans are now being drawn for a four story office building to be built.

In other actions, the commission adopted a resolution of commendation for Mrs. Mary W. Matthews, who is retiring as head of the nurses section in the county health department.

Heard that a condemnation suit for a railroad crossing right of way at Hypoluxo had been settled out of court.

Received a petition from the Town of Boynton Beach asking widening of U. S. 1, a project which the county board already has in the planning stage.

E. L. McCall has just recently been transferred out to the West coast from Norfolk, Va., by the Navy.

Here Is A Story Out Of Wednesday's Palm Beach Post

Ben Sundy In Line For Chairmanship Of County Board

Ben F. Sundy of Delray Beach is expected to be elected chairman of the Palm Beach County Commission when the board reorganizes for 1955 at a meeting to be called shortly after Jan. 1.

Sundy, now vice chairman of the board, would succeed Lake Lytal, city, who is rounding out two successive years as chairman.

The commissioner in line for the chairmanship serves the Boynton Beach-Delray Beach-Boca Raton area. Commissioner Paul Rardin of Canal Point is expected to move up as vice chairman of the board. Rardin has served previously as chairman.

Sundy is rounding out his first term of four years on the commission this month, having been re-elected to another term in the November general election.

The reorganization meeting had been set Monday for Jan. 10, the first regular semi-monthly meeting of the board in 1955, but officials later felt a special meeting would be called earlier for reorganizing. At that time Sundy and Lytal, who also was re-elected to another term in the general election, will be officially seated on the board for another four years each.

Chairman Lytal said no changes in department heads are forecast and that all would be reapportioned for another year.

Canal Point Lions Committees Report

Osceola Upthegrove, president of the Canal Point Lions Club, called upon chairman of standing committees for reports of club activities for the past month at the dinner meeting in the Community Hall Monday night.

It was reported the club donated through its health and welfare committee \$30 for the relief of local needy families during the holiday season.

The club's safety committee reported it is continuing its efforts to get a traffic light installed at the junction of US 98 and US441 in Canal Point. A request for the installation of this safety light has been sent by the committee to the State Road Department's headquarters at Tallahassee.

It was also reported that the Canal Point Cub Scouts, who are sponsored by the Lions, are being reactivated under the leadership of Phelix A. Slenaker, scoutmaster of Canal Point Boy Scout Troop 24, who will serve as cubmaster also.

CIVIL DEFENSE PROGRAM

A program on "Civil Defense" will be presented at the January meeting of the Canal Point Parent-Teacher Association in the school auditorium Monday, Jan. 3, at 8 p. m. There will be a speaker from Miami. President Phelix A. Slenaker will preside.

Cinematic Chatter

By Malcolm Millar

Hello 'everybody! From gridiron athlete to movie star—that's thumbnail sketch of the career of Ward Bond. When his parents moved to the Coast, he enrolled at the University of Southern California, where he played football under the guidance of the late Howard Jones. A sophomore, he was practicing one day when Producer-Director John Ford visited the college, recruiting athletes for his film "Salute". Bond's unusually rugged face attracted Ford who signed him for the picture. On location at Annapolis young Bond's roommate was John Wayne, also a football player. They have been close friends ever since, both on and off the screen. Off screen, Ward Bond is the antithesis of the villainous characters he so frequently plays. He is quiet, with a good sense of humor. He breeds and raises show dogs, and

at one time had six prize-winning white English bull-terriers. His main hobby is sailing—anything from a sleek California yacht to a husky apple-bowed fishing barge he discovered in Ireland. Ward is six feet, three inches tall and weighs 200 pounds. He has brown hair and gray eyes. He was born in Benkelman, Nebraska on April 9. He is married. Happy New Year everyone, and I'll see you at the movies—Mal.

Results of Comparative Tests Help Make Job of Choosing Range Easier

By JANE BAIRD

The problem of selecting a new range appears to get more complicated every day. They're all beautiful and most of them are as automatic as any farm housewife would want. We're talking about the latest electric models and those new double-throat burner bottled gas

same day. We did so because the tests showed that electric ranges proved more efficient than bottled gas ranges. You see we were high on efficiency in our family because we know that efficiency and economical operation go hand in hand.

According to the bulletin:
 The tests were unbiased, and

Laboratory technicians at work on range tests in Agricultural Research Center, Beltsville, Maryland.

ranges. Fact of the matter is, that's the crux of the problem—which type of range to buy, electric or bottled gas.

To help our family make a wise decision we turned to the most authoritative source we knew about. To us, that meant the U.S. Department of Agriculture. We learned that the Department's Housing and Equipment Section of the Home Economics Research Branch (formerly the Bureau of Human Nutrition and Home Economics) had conducted some comparative utilization efficiency tests on electric and bottled gas appliances. And, that results of those tests had been published in Technical Bulletin 1073—"Comparative Utilization of Energy by Household Electric and Liquefied Petroleum Gas Ranges. Refrigerators and Water Heaters."

We bought the bulletin; read it, and cried out: electric!

models of both types of ranges used were medium priced and generally available. Both the electrical and gas industries were consulted during the progress of the studies. Meals prepared were checked carefully to see that menus favored neither electric nor LP gas cooking.

In cooking on top, of the range, bottled gas ranges used from 1.59 to 2.34 times as much energy as electric ranges. And, bottled gas ranges used from 1.89 to 2.48 times as much energy as electric ranges for oven cooking. For the complete cooking job—top-of-range and oven—electric ranges used half as much energy as bottled gas ranges—for an efficiency ratio of 2 to 1 in favor of electric ranges. On the question of speed, the bulletin had this to say: "there was no clear-cut superiority of one type of fuel (electric or bottled gas) over the other."

Key West - Cuba Ferry Service To Expand

KEY WEST—So successful has been the operation of the Caribbean Ferry Service between Key West and Cuba that plans are now under way to expand the service. The automobile and passenger service, which was started Oct. 2, was on an exploratory basis to determine the public need and operational requirements. Public acceptance was immediate and the demand for reservation so amazing that officials are unanimous in their decision to expand the service as rapidly as possible.

Alex M. Balfe, marine industrialist and former president of the Miami Chamber of Commerce, has been appointed general manager. Long active in promoting Latin American relations, Balfe was chosen by the Board of Directors by unanimous vote. Advance reservations into the next summer; with most trips already sold out from January through April, give an indication of the demand for such service.

Mr. and Mrs. Earl Cooper have as guest this week her sister of Indiantown.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 ... a \$37.50 Bond will be worth \$67.34 ... and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 ... in 9 years and 8 months, you'll have \$2,850.70 ... and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

New Do-It-Yourself Idea

Making your own scatter rug in any color, size or shape you wish out of squares of washable undyed carpeting is latest idea to emerge from do-it-yourself movement. Black and white checker-board rug in photo was made from 12-inch squares of undyed nylon-viscose carpeting. All-fabric dye was used to dye black squares, while snowy whiteness of alternating squares was attained by simply washing the undyed material. Since the dyes come in 50 colors, any combination of hues may be obtained.

Directions for making a rug of either checker-board or alternate-diamond design have been announced by Tintex Home Economics Bureau. After cutting undyed washable carpeting into foot or yard squares, place half the total into the washing ma-

chine and fill with hottest water available. While washer is filling, pour all-fabric dye into quart of hot tap water and stir with wooden spoon until dissolved. Empty dye solution into machine and let it run through regular cycles. Repeat process with balance of squares for second color, first cleaning machine with rinse of water and soap.

After squares have dried, lay them out on reverse side and press strips of hot-iron tape along dividing lines, as shown above. When turned over, you'll have a new rug that meets your own decorating needs perfectly.

If you plan to wash the rug later, apply liquid latex along the borders prior to taping, suggests the Tintex bureau. This will enable you to remove the tape easily and provide skid-proofing while the rug is on floor.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too.

The answer is that you save *systematically* on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved *for* you, *before* you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, *for 19 years and 8 months*. That's why the money you put into Bonds now grows to such a surprisingly big sum:

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan:

How you can reach your savings goal on the systematic Payroll Savings Plan

Negro Quarters Destroyed By Fire

Fire destroyed the large central residential building in R. J. Simonson's Negro farm labor quarters across the street from the East Lake School on Lake Avenue around 9 a. m. Wednesday of last week.

Most of the household goods belonging to the occupants of the building were saved and the Pahokee Volunteer Firemen kept the blaze from spreading to surrounding buildings. The fire was started by an exploding oil stove, according to Fire Chief Marvin Levins.

Linda Hand celebrated her eleventh birthday at a recent surprise party given by Miss Betty Ann Mitchell in the American Legion Hall. The hostess was assisted by Mrs. Calvin Spooner and Mrs. Earl Schultz, Sr.

Order Of Rainbow Confers Degree

The Pahokee Assembly, Order of Rainbow for Girls, conferred a degree of the Order on Miss Gwen Bracewell of Canal Point at a meeting in the Masonic Hall Monday night, with Miss Kay Friend, worthy advisor, and her staff of officers in charge of the degree work.

Mrs. Gladys Harrington, retiring worthy matron of the Pahokee Chapter, Order of Eastern Star, was a guest of honor at the meeting. A gift was presented to Mrs. Harrington, with Miss Friend the presentation on behalf of the Rainbow group.

Plans were made for a benefit rummage sale to be held Saturday, Jan. 8, with Miss Mary Arthur Kirk in charge of arrangements.

It was announced an election of officers will be held at the next meeting, Jan. 10.

NOTE OF THANKS

We wish to express our thanks to our many friends and neighbors for their kind expression of sympathy including cards, flowers, food and many other acts of kindness extended to us during our recent sorrow.

Defense is your job, too!

THIS IS A DAY OF DREAMS COME TRUE... for the returning Korean War veterans pressing against the ship's rail and for their loved ones waiting on the dock. The counted days of waiting are over, the nightmare of war is behind them. These boys have seen far across the seas doing a hard, dirty, bloody job... a job of defense—for you.

But defense is your job, too. It is our job to help make America's economy as strong and dependable as these men have made her military power. And your job can be not only easy but rewarding—in financial security for you and your family. Just buy U. S. Defense Bonds. Buy them now and buy them regularly. For your bonds and other forms of saving can make America strong. And in this warring world, *strength* is America's surest guarantee of peace.

So sign up for bonds today—through the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank. For your security and your country's, too, buy United States Defense Bonds regularly!

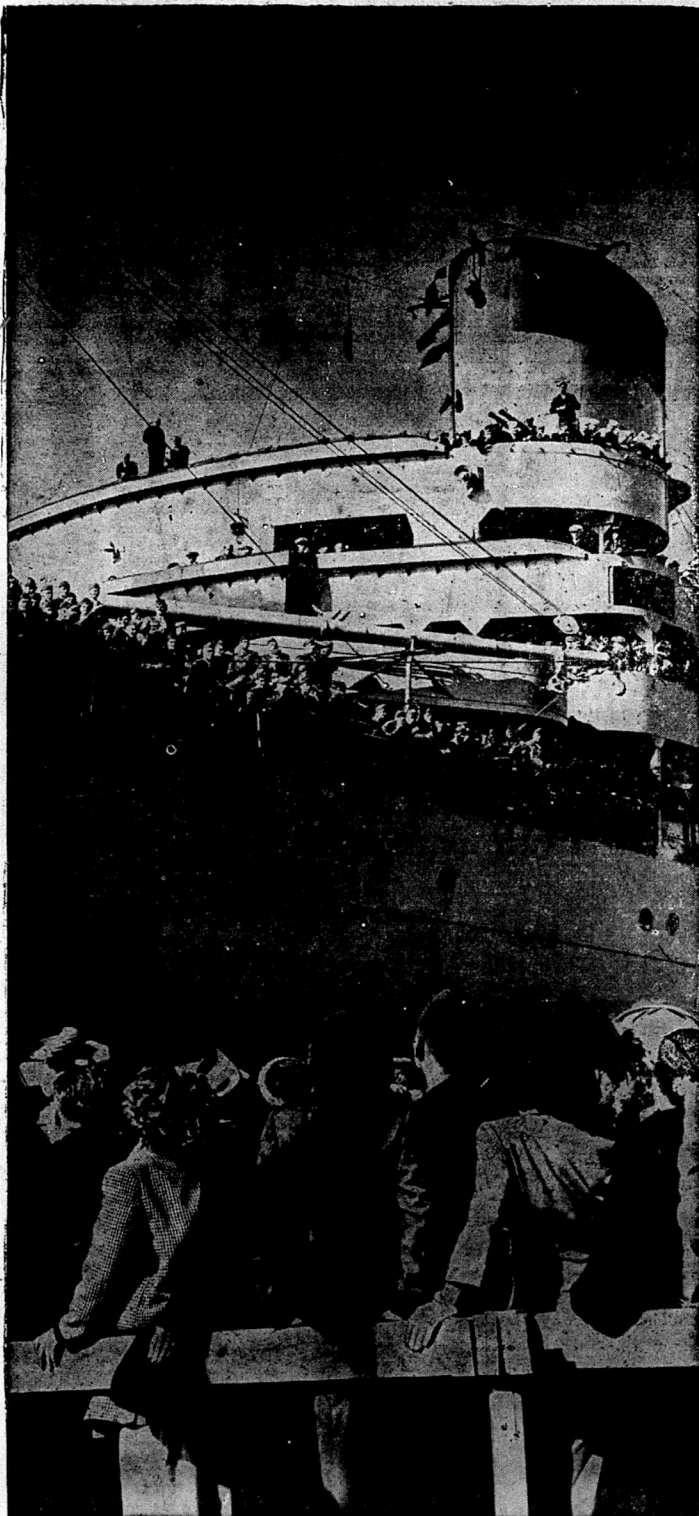

The U. S. Defense Bonds you buy give you personal financial independence

Don't forget that bonds are now a better buy than ever. Because now every Series E Bond you own can automatically go on earning interest every year for 20 years from date of purchase instead of 10, as before! This means that the bond you bought for \$18.75 can return you not just \$25—but as much as \$33.33! A \$37.50 bond pays \$66.66. And so on. For your security, and your country's too, buy U. S. Defense Bonds now! Bankers recommend them as one of the safest forms of investment.

**Peace is for the strong...
Buy U.S. Defense Bonds now!**
